

## ABBREVIATIONS

The following list gives some of the more commonly used abbreviations in IJHST.

### SI Units

Celsius	°C
centimeter	cm (with numerals)
cubic centimeter	cm <sup>3</sup> (with numerals)
cubic decimeter	dm <sup>3</sup> (with numerals)
cubic meter	m <sup>3</sup> (with numerals)
day	d
degree	° (with numerals)
decisiemens	dS (with numerals)
decimeter	dm SI
diameter	diam ( in tables)
gram	g (with numerals)
grams per cubic centimeter	g cm <sup>-3</sup>
hectare	ha (with numerals)
hour	h (with numerals)
joule	J (with numerals)
kilogram	kg (with numerals)
kilolux	klx (with numerals)
kilometer	km (with numerals)
kilovolt	kV (with numerals)
liter(s)	L (with numerals)
lux	lx (with numerals)
meter	m (with numerals)
metric ton (tonne)	t (with numerals)
microequivalent	μeq (with numerals)
microgram	μg (with numerals)
microliter (formerly micron)	μL (with numerals)
micrometer (formerly, micron)	μm (with numerals)
micromolar	μM (with numerals)
micromole	μmol (with numerals)
milliequivalent	meq (with numerals)
milligram	mg (with numerals)
milliliter	mL (with numerals)
millimeter	mm (with numerals)
millimolar	mM (with numerals)
millimole	mmol (with numerals)
millivolt	mV (with numerals)
minute	min (with numerals and in tables)
molar	M (with numerals)
mole	mol (with numerals)
nanoliter	nL (with numerals)
nanometer	nm (with numerals)
nanosecond	ns with numerals only
Newton	N (with numerals)
pascal	Pa (with numerals)
rotations per minute	rpm
second	s
square centimeter	cm <sup>2</sup> (with numerals)
square meter	m <sup>2</sup> (with numerals)
tonne	t (with numerals)
volt	V (with numerals)
watt	W (with numerals)
week	week
